# Nanny McPhee

## Character Redesign

Nanny McPhee is a magical nanny who specializes in teaching naughty children lessons. In the redesign I gave her more twigs and vines that either grows or wilt depending on the children's temperament.

## Character Poses + Expression

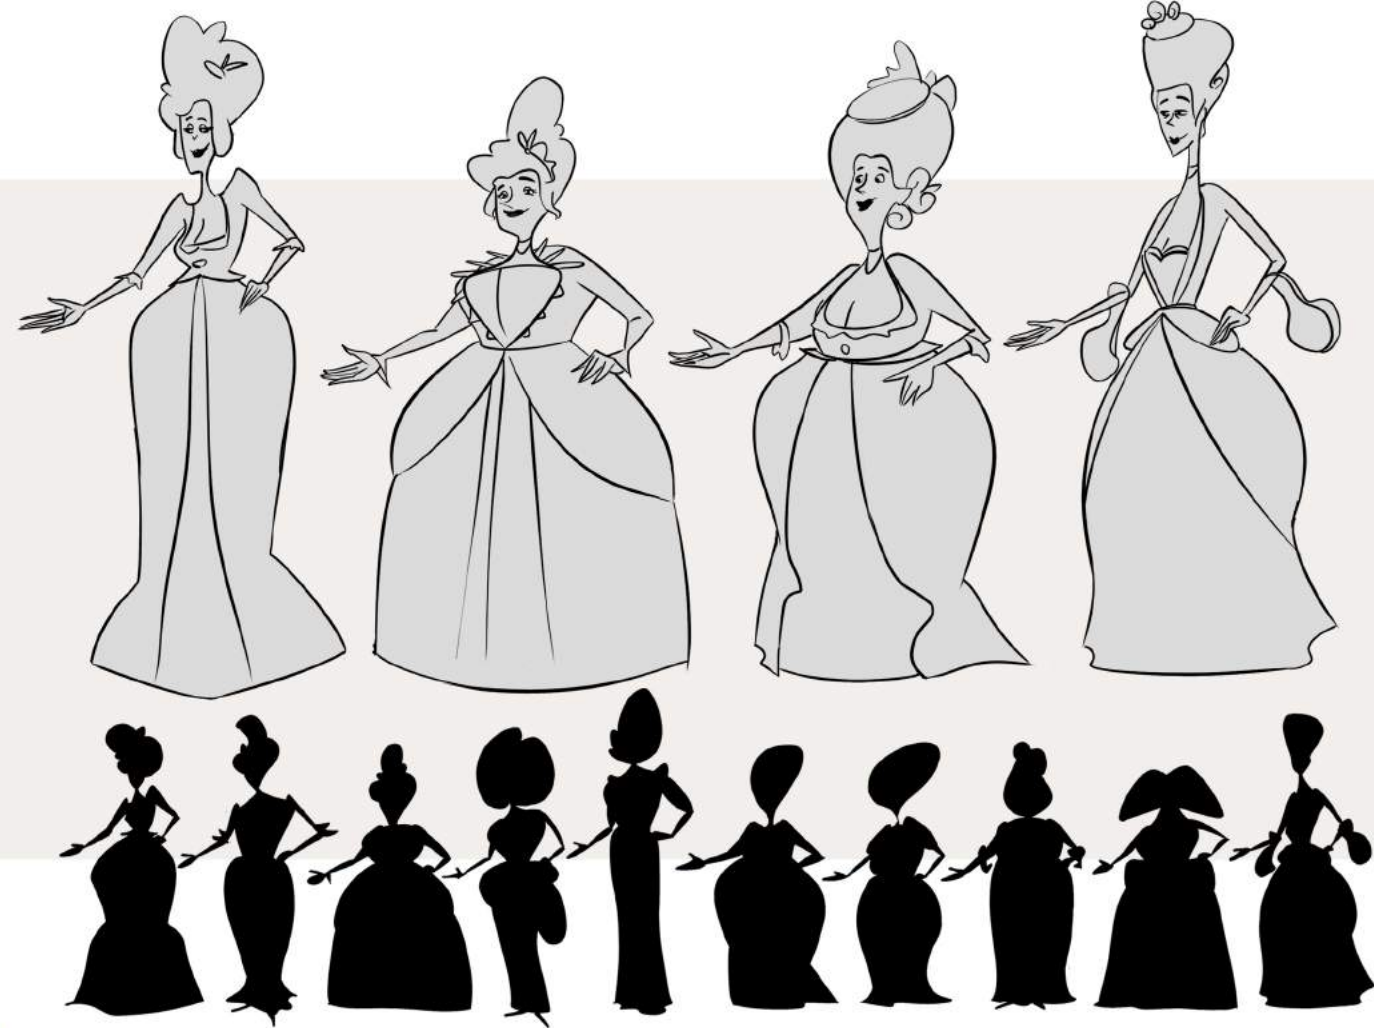

# Nanny McPhee

*Selma Quickly, a thrice divorced widow looking for love with Cedric Brown. She would be the new stepmother for the naughty children.*

## Character Poses + Expression

# Nanny McPhee

*The Brown's children, infamous for chasing every nanny in the district away from the manor. I thought about how the different adults in the movies would perceive them as I designed their group silhouettes.*

## Character 'Secret' Lair

*Nanny Mcphee's room in the attic. She magically appears and disappears so there isn't a lot of her belongings. It functions as her "break" room and an attic.*

# Call of the Beans

For millenia, Bean-Kind has sought the answer to destroy the Creatures of the Deep.

Seeking the prized Message in a Bottle from Davy Jones's Locker, the best have gathered to traverse the rough waters.

Will they find what they seek?  
Or will they be forever lost to the Sea?

Each Champion uses their unique ability to call forth the ship.

Players will get to control the part of the ship unique to the Champion in their search for the Message in the Bottle.

## Final Ship + Silhouette Designs

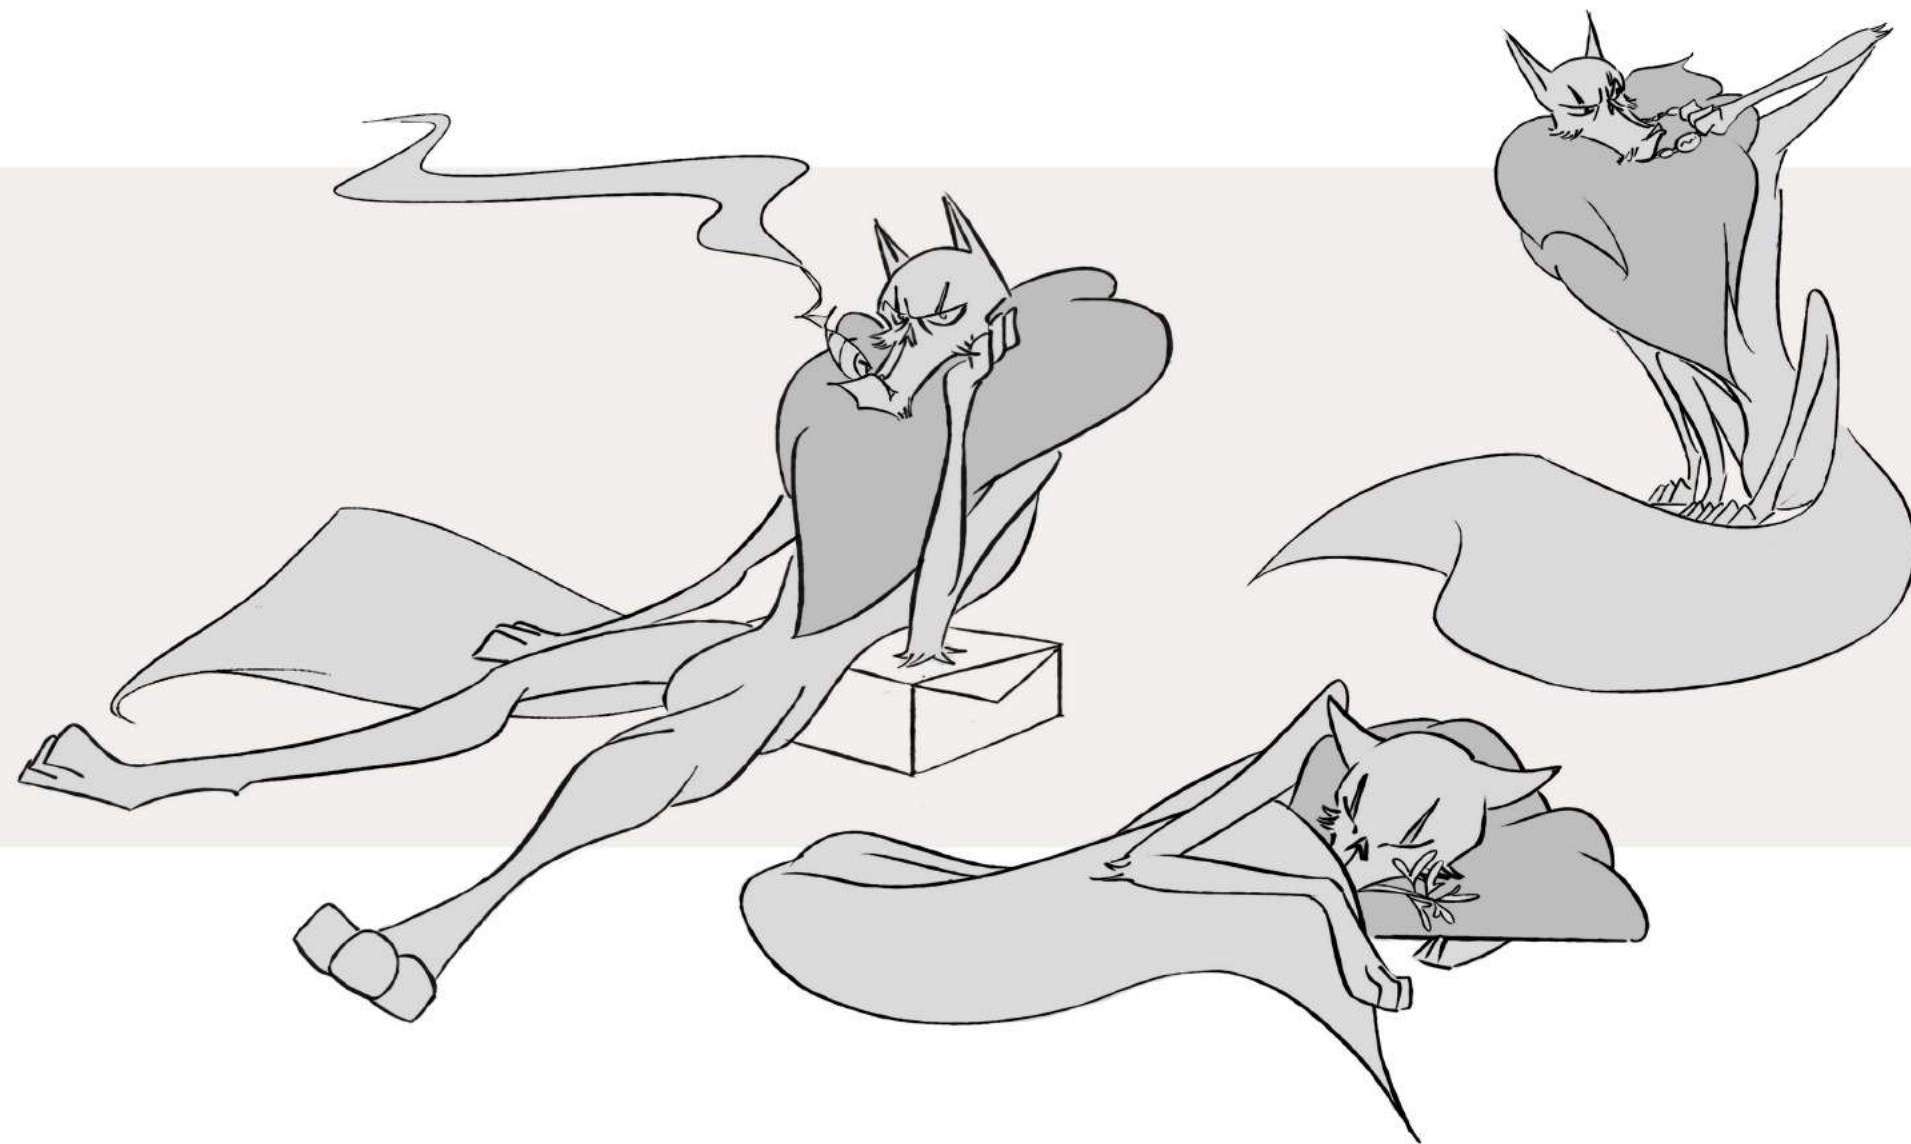

### Original Thumbnail

Our champions travel the rough seas as they awaken the Kraken and his Harem. It is He who stands in the way of their prize - The Message in the Bottle - and they will stop at nothing to get it.
