LOS CHUCHOS

In a small Mexican town, three fearsome luchadores fight in the tournaments beating off competitors, together they're known as 'Los Chuchos' and they're more than just a team, they're also loyal friends that live together in the fields outside the town

LINE UP

characters

Dimas is a crazy chihuahua, in everyday life he's unpredictable, he could be lazy and relaxed or very nervous, you'll never know, but on the ring he's a real spitfire.

Diego is a calupoh dog, he's very self-confident, loves to be theatrical and he's a very protective boy.

Dominga is a tough xolo dog, she's always smooth and tranquil but she's the quiet before the storm 'cause on stage she's lethal.

EXPLORATIONS

These are some explorations from a group project on the theme "water/scales".

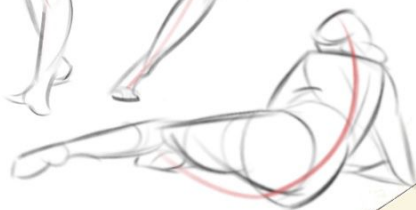

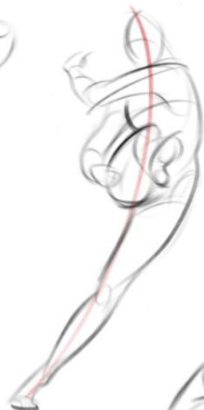

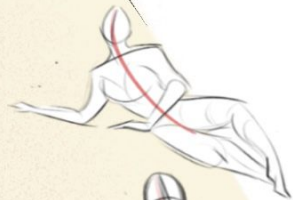

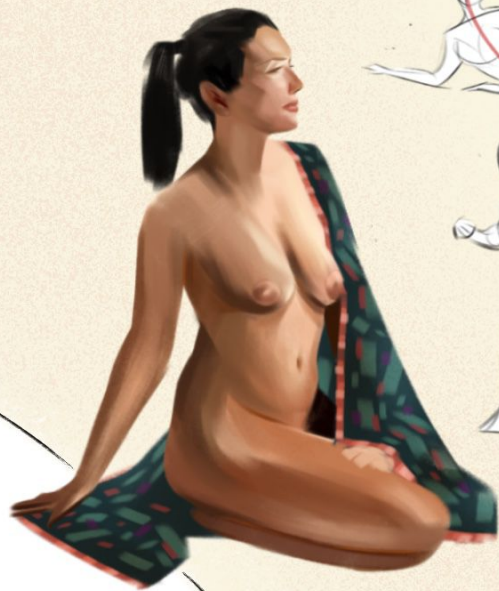

We decided to place the story in an imaginary world inspired by South Asian cultures.
