Pirates character designs

Pirate exploration with live model

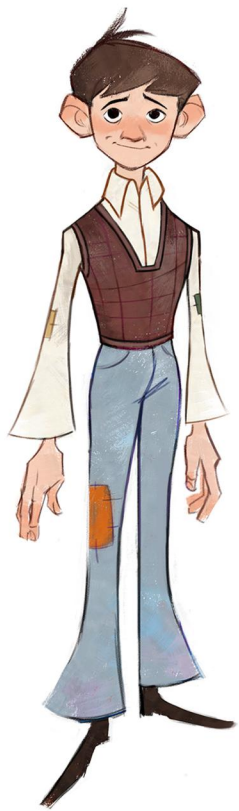

~ Charlie Bucket ~

Charlie is the protagonist of the story. He is a little boy who lives in a small house on the edge of an unnamed English town.

His family is extremely poor and doesn't have a lot to eat, which contributes to Charlie's small size. Charlie is kind, generous, and wants nothing more than to make his family members happy.

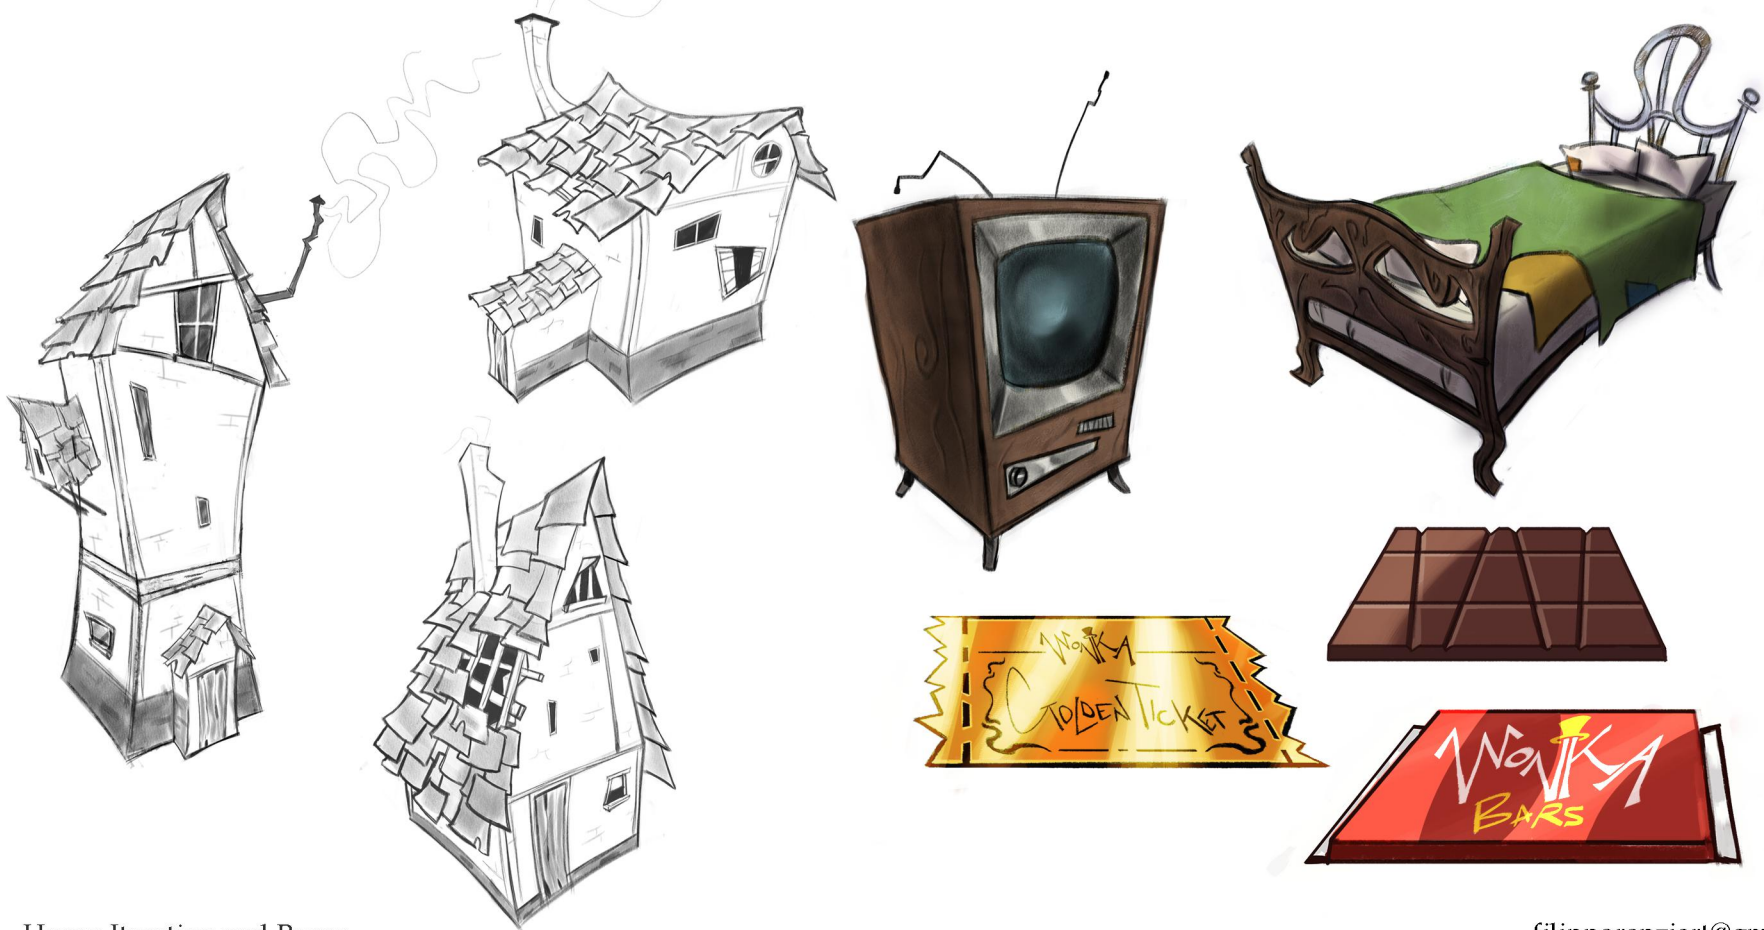

~ Willy Wonka ~

The eccentric owner of the world-famous
Wonka chocolate factory.

He's a chocolate-making genius who relishes nonsense.
